Institution: UNIVERSITY AT ALBANY

Date of Report: 8/22/05

The following chart represents a breakdown of the overall and by-sport APR averages for noted subgroups. It is provided to permit institutional administrators to compare rates with various subgroups by sport.

*[Note: It is important to note that all information contained in this report is for one academic year only. This may lead to very small sample sizes within certain sport groups. Because of that, the NCAA will not be using these data alone for the purpose of rewarding or penalizing institutions and the reader should use the data with caution. Eventually, the NCAA anticipates reporting data only on the basis of a four-year rolling rate for all sports.]*
