NCAA®

Official NCAA Division II baseball records began with the 1963 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division II. Annual team champions in home runs, triples, doubles, stolen bases, slugging percentage and double plays were added in 1990. Annual individual champions in saves, runs, bases on balls and toughest to strike out were added in 1990. Individual hit by pitch and sacrifice hits were added in 2004. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exist. In these cases, the numerical order of the rankings is accurate.
