

# NCAA Division I 2004-05 Academic Progress Rate

## Public Report

Institution: University of California, Santa Barbara

Date of Report: 02/27/2006

This report is based on academic progress rate (APR) information submitted by member institutions for the 2003-04 and 2004-05 academic year.

*[Note: All information contained in this report is for two academic years only, unless otherwise noted. This may lead to very small sample sizes within certain groups. The NCAA anticipates reporting data only on the basis of a four-year rolling rate for all sports when four years of data are available.] In accordance with FERPA's interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an \* symbol.*

The following chart represents by sport APR averages for noted subgroups.

\* Denotes data representing three or fewer student-athletes - In accordance with FERPA's interpretation of federal privacy regulations, these data are not available.

N/A = No APR

N = Number of teams reporting

Percentile Rank: 0 to 100; 0 = low, 100 = high

+ Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The squad-size adjustment will be eliminated when the fourth year of APR data is collected, provided the team's multiyear cohort includes 30 or more student-athletes.

^ Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body.

~ Denotes APR based on a one year cohort

## Public Report Contemporaneous Penalties

### 2004-05

Institution: University of California, Santa Barbara

Date: 02/27/2006

This report is based on data submitted by the institution for the 2003-04 and 2004-05 academic years.

Contemporaneous penalties are based on a team's multiyear NCAA Division I academic progress rate (APR) (i.e., 2003-04 and 2004-05) and on an individual student-athlete's eligibility/graduation and retention status for the 2004-05 academic year.

Athletics teams with a multiyear APR below 925, including application of the appropriate squad-size adjustment, may be subject to contemporaneous penalties. The following athletics teams at this institution have an APR below 925 and are subject to the noted penalty. The teams' APRs are noted, as well as the value of the total financial aid penalty to which the team is subject.

The noted penalties must be taken as soon as possible without impacting incoming student-athletes. In practical terms, the penalties must be taken in 2005-06 or 2006-07.

\*If the institution sponsors track and field, this penalty counts against the NCAA maximum team limit for cross country/track and field (i.e. 12.6 men's, 18 women's). If the institution sponsors cross country and does not sponsor track and field, the penalty counts against the NCAA maximum team limit for cross country (i.e. 5 men's, 6 women's).
