

# NCAA Division I 2005 - 2006 Academic Progress Rate

## Public Report

Institution: Temple University

Date of Report: 04/30/2007

This report is based on academic progress rate (APR) information submitted by member institutions for the 2003-04, 2004-05, and 2005 - 2006 academic years.

*[Note: All information contained in this report is for three academic years only, unless otherwise noted. This may lead to very small sample sizes within certain groups. The NCAA anticipates reporting data only on the basis of a four-year rolling rate for all sports when four years of data are available.]*

*In accordance with FERPA's interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an \* symbol.*

The following chart represents by sport APR averages for noted subgroups.

Sport (N)	Multiyear APR	Percentile Rank within Sport	Percentile Rank within All Sports	All Division I	Public Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I
<b>By Sport - Men's</b>									
Baseball (292)	892 ~	10th-20th	1st-10th	934	923	957	936	933	931
Basketball (333)	908 +	30th-40th	1st-10th	927	917	947	922	930	932
Cross Country (304)	*	*	*	961	952	978	962	960	962
Football (239)	858	1st-10th	1st-10th	931	922	955	934	927	NA
Fencing (20)	NA	NA	NA	974	950	987	969	987	961
Golf (292)	914 +	1st-10th	1st-10th	962	956	974	967	957	962
Gymnastics (16)	938	1st-10th	20th-30th	970	968	1000	969	1000	958

\* Denotes data representing three or fewer student-athletes - In accordance with FERPA's interpretation of federal privacy regulations, these data are not available.

N/A = No APR

N = Number of teams reporting

Percentile Rank: 0 to 100; 0 = low, 100 = high

^ Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body or based on institutional, athletics and student resources.

+ Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 925 for that team to be subject to contemporaneous penalties. Squad-size adjustments will be eliminated when the fourth year of APR data is collected, provided the team's multiyear cohort includes 30 or more student-athletes.

@ Denotes APR that does not subject the team to historical penalties due to the team's demonstrated academic improvement and favorable comparison based on other academic or institutional factors.

~ Denotes APR that does not subject the team to historical penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to historical penalties. Squad-size adjustments will be eliminated when the fourth year of APR data is collected, provided the team's multiyear cohort includes 30 or more student-athletes.

% Denotes APR based on a one year cohort, not subject to a historical and/or contemporaneous penalty.

! Denotes APR based on a two year cohort, not subject to a historical penalty.

## Public Report Contemporaneous Penalties

### 2005 - 2006

Institution: Temple University

Date: 04/30/2007

This report is based on data submitted by the institution for the 2003-04, 2004-05 and 2005 - 2006 academic years.

Contemporaneous penalties are based on a team's multiyear APR (i.e., 2003-04, 2004-05, and 2005-06) and on an individual student-athlete's eligibility/graduation and retention status for the 2005 - 2006 academic year.

Teams with a squad-size adjusted multi-year APR below 925 are subject to a penalty when a student-athlete on the team is not retained and not academically eligible. These penalties must be taken during the 2006-07 academic year, unless it would take away financial aid from a current student-athlete, then the penalty must be applied the following academic year (2007-08).

The following teams are subject to the contemporaneous-penalty totals listed:

Men's Sports				
Sport	Multiyear APR	Value of Overall Financial Aid Penalty	Initial-Counter Penalty (FBS, FCS Football Only)	Total Countable Aid Awarded - Equivalency (FCS Football and Men's and Women's Ice Hockey Only)
Baseball	892	1.17	N/A	N/A

\* If the institution sponsors track and field, this penalty counts against the NCAA maximum team limit for cross country/track and field (i.e. 12.6 men's, 18 women's). If the institution sponsors cross country and does not sponsor track and field, the penalty counts against the NCAA maximum team limit for cross country (i.e. 5 men's, 6 women's).

## Public Report Historical Penalties

### 2005 - 2006

Institution: Temple University

Date: 04/30/2007

This report is based on data submitted by the institution for the 2003-04, 2004-05 and 2005 - 2006 academic years.

Historical penalties are based on a team's multiyear NCAA Division I Academic Progress Rate (APR) (i.e., 2003-04, 2004-05 and 2005-06) and a simultaneous review of the following factors: APR improvement, by-sport comparison, and institutional characteristics. A team(s) with a squad-size adjusted multiyear APR below 900 that fails to demonstrate APR improvement and a favorable review of the by-sport comparison or institutional characteristics review is subject to historical penalties.

## PUBLIC WARNING — OCCASION-ONE

An occasion-one penalty is a public warning issued to the institution. The following team(s) is subject to the public warning penalty:

Men's Sports	
Sport	Multiyear APR
Football	858

This team(s) will be subject to additional historical penalties if it does not meet the historical-penalty review at any time within the next three years.
