CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N C A A Football Rules Committee's Sub committee on Football Statistics)

SECTION 1 -- FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line A first down is not recorded on a touchdown runback, regardless of the distance of the scoring run

SECTION 2 -- RUSHING

Article 1: All offensive running plays are to be classified as rushing plays not as plays from scrimmage since any play begun with a snapback from center actually is a play from scrimmage

Article 2: Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead or is recovered by opponents in the case of a fumble

Article 3: The rushing total is a net figure All rushing losses must be recorded so as to account for the net figure.

Article 4: All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage (See Article 1 of Section 4)

SECTION 3 -- FORWARD PASSING

Article 1: Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble) so as to include both length of pass and running advance after completion All yards gained or lost on each completed pass play are credited to both the passer and the receiver

Article 2: Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

Article 3: Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage is recorded as a loss by rushing. He is not a passer until he has thrown the ball and he retains at all times the option of running

Article 4: Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble)

Article 5: There is no pass completed by penalty A gain through interference on a passing play is a penalty against the defending team. The passer is not charged with a pass attempt nor credited with a pass completed or yards gained; nor is the intended receiver (or the player interfered with) credited with a pass caught The passing team is credited only with a first down by penalty The defensive (offending)

team is charged with a penalty and the distance from the line of scrimmage to the spot of the penalty under yards penalized

Article 6: The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded

SECTION 4 -- LATERAL PASSING

Article 1: A lateral pass is always a component part of the ultimate play whether it precedes or follows that play since the lateral is merely an extension of the original or ultimate play in effect

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards then throws a lateral pass to Player B who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under 'receiving' Player B is credited with NO pass caught and with 5 yards under receiving Player who threw the forward pass is credited with 15 yards under 'forward passing')

(Approved Ruling — Player A catches punt and returns 10 yards before throwing a lateral pass to Player B who returns another 5 yards Player A is credited with one return and 10 yards under punt returns. Player B is credited with NO return and with 5 yards under 'punt returns.')

Article 2: Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who in the scorer's opinion was responsible for the failure of the pass.

Article 3: Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost

Article 4: The official scorer rules on whether a completed pass to a blocker or man-in-motion is a forward or a lateral pass. If the latter the play is recorded under "rushing" If the pass is incomplete the subsequent action of the officials reveals whether the pass was a forward or a lateral

SECTION 5 -- TOTAL OFFENSE

Article 1: Total offense is the combined result of rushing and forward passing only since these two are the only methods by which legal advance can be initiated while retaining possession of the ball

Article 2: Total offense yardage is the total of net gain by rushing and net gain by forward passing Receiving yards gained are not included in total offense

WILD PASS FROM CENTER.

Any loss resulting from an obvious wild pass from center is charged to "center pass, and not to any individual player

CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

(Continued from back of form 347 A)

SECTION 6—PUNTS

Article 1: Punts are measured from the line of scrimmage to the point of ultimate advance if the ball remains in the field of play or goes out of bounds (Note — Ultimate advance is the point where ball goes out of bounds is downed or is recovered by the defense)

(Note — "Ultimate advance of the punt shall be construed to include also any distance which a receiver of the punt may retreat toward his own goal before attempting to return up field This interpretation gives greatest benefit to both the punter and the receiver since excellence of the punt normally is responsible for retreat by the receiver Thus minus yards' should NOT be recorded under 'punt returns')

Article 2: When a punt goes over the goal line (a touchback) distance of the punt is measured from the line of scrimmage to the 20-yard line only, since this is the limit of the punt's value to the kicking team.

Article 3: If a receiver muffs a punt and the ball continues toward his goal line, the punt is measured to the point of recovery or ultimate advance as defined above If a receiver muffs a punt and the ball bounds back toward the kicker's goal the punt is measured to the point of the muff (the point of ultimate advance) and the receiver is credited with a punt return and with the yards from the point of the muff to the point of recovery regardless of which team recovers.

Article 4: A blocked punt is recorded as a "team" entry and not charged against the individual kicker Thus in the case of a blocked punt which does not pass the line of scrimmage enter the word "team" in lieu of kicker's name and charge one punt for NO yards so the blocked punt is included under 'Times Kicked' in team totals.

If the ball travels toward the kicker's goal and is recovered by the blocking team the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the kicking team the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost except on fourth down

SECTION 7 — KICK RETURNS.

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (Exception — Blocked kicks which travel toward the kicker's goal See Article 4 of Section 6.)

Article 2: The return will be measured from the point where the returning player actually gains control of the ball to the point where the ball is declared dead or is lost by fumble There are no minus yards under kick returns (see note under Article 1 of Section 6)

Article 3: The return of an attempted field goal, which falls short and is returned by the defending team is treated as a punt return

SECTION 8 — FREE KICKS

Free kicks are recorded as kickoffs if made from placement and as punts if the ball is punted The receiving player is credited with a kickoff return or a punt return, respectively

SECTION 9—GOALS FROM THE FIELD

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards since the goal posts are ten yards behind the goal line)

The distance of such kicks is recorded on form 347 only under principal individual plays If kick is unsuccessful show yard line from which kicked in lieu of distance

SECTION 10—POINTS AFTER TOUCHDOWN

Article 1: A player attempting a try-for-point-after-touchdown by kicking is not charged with an attempt when a bad pass from center or a fumble by the ball holder precludes an opportunity to kick Such an unsuccessful attempt is charged to the team rather than to any individual player However if the ball is momentarily fumbled and then kicked an attempt is charged to the individual kicker regardless of the success or failure of the effort

Article 2: The try for-point after touchdown is made while time is out and is not recorded as a play from scrimmage (rush, pass or kick)

When a try for point-after touchdown is by forward passing the passer is charged (under SCORING) with the attempt If successful the receiver is credited under SCORING with the conversion and points scored and the passer is credited with a conversion under FORWARD PASSING

SECTION 11 — SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored The team benefitting from the score is credited

SECTION 12 — FUMBLES.

On any play terminated by a fumble the yards involved to the point of recovery are credited or charged to the player who fumbled regardless of which team recovers the fumble

(Approved Ruling — On rushing play ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line before it is recovered by Team B Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost)
