List **all** scoring plays, also non scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts**

**On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.**

[illegible]

## SECTION 6 — PUNTS

(Note -- Ultimate advance of the punt shall be construed to include also any distance which a receiver of the punt may retreat toward his own goal before attempting to return up field. This interpretation gives greatest benefit to both the punter and the receiver since excellence of the punt normally is responsible for retreat by the receiver. Thus minus yards' should NOT be recorded under punt returns.)

**Article 2:** When a punt goes over the goal line (a touchback) distance of the punt is measured from the line of scrimmage to the 20-yard line *only* since this is the limit of the punt's value to the kicking team

**Article 3:** If a receiver muffs a punt and the ball continues toward his goal line the punt is measured to the point of recovery or ultimate advance as defined above. If a receiver muffs a punt and the ball bounds back toward the kicker's goal, the punt is measured to the point of the muff (the point of ultimate advance) and the receiver is credited with a punt return and with the yards from the point of the muff to the point of recovery regardless of which team recovers.

**Article 4:** A blocked punt is recorded as a **team'** entry and not charged against the individual kicker. Thus in the case of a blocked punt which does not pass the line of scrimmage enter the word **team** in lieu of kicker's name and charge one punt for NO yards so the blocked punt **is included** under 'Times Kicked' in team totals.

If the ball travels toward the kicker's goal and is recovered by the **blocking** team the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the **kicking** team the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost except on fourth down.

**Article 1:** Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (Exception — Blocked kicks which travel toward the kicker's goal See Article 4 of Section 6)

**Article 2:** The return will be measured from the point where the returning player actually gains control of the ball to the point where the ball is declared dead or is lost by fumble. There are no minus yards' under kick returns (see note under Article 1 of Section 6)

## SECTION 8 – FREE KICKS

## SECTION 9 — GOALS FROM THE FIELD

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards since the goal posts are ten yards behind the goal line)

The distance of such kicks is recorded on form 347 only under principal individual plays. If kick is unsuccessful show yard line from which kicked in lieu of distance.

**Article 1:** A player attempting a try-for point-after touchdown by kicking is not charged with an attempt when a bad pass from center or a fumble by the ball holder precludes an opportunity to kick. Such an unsuccessful attempt is charged to the team rather than to any individual player. However, if the ball is momentarily fumbled and then kicked an attempt is charged to the individual kicker regardless of the success or failure of the effort.

**Article 2:** The try-for point-after touchdown is made while time is out and *is not* recorded as a play from scrimmage (rush pass or kick)

When a try-for-point-after touchdown is by forward passing the **passer** is charged (under SCORING) with the attempt whether successful or not. If successful the **receiver** is credited under SCORING with the conversion and points scored and the **passer** is credited with a conversion under FORWARD PASSING.

Such a passing effort is recorded as a PAT attempt and is NOT recorded as a pass attempt or a pass reception

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

On any play **terminated** by a fumble the yards involved to the point of recovery are credited or charged to the player who fumbled regardless of which team recovers the fumble

(Approved Ruling — On rushing play ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line before it is recovered by Team B Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost)
