IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play--whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below--after getting from his SID how many games missed.

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and run. All plays are measured from the line of scrimmage except field-goal attempts--from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).
